RHODAS DEMISSEW TADESSE

Full-Stack Web Developer | LMS Developer | AI Enthusiast
Addis Ababa, Ethiopia

Email: rhodasdemissew@gmail.com | Phone: +251-993-80-2012 | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Full-Stack Software Developer with hands-on experience building scalable backend systems using .NET 8, Entity Framework Core, and SQL Server, complemented by modern frontend development with Angular. React and TypeScript. Experienced in RESTful API design, JWT-based authentication, and production deployment on IIS. Additionally skilled in Moodle LMS development and administration, including customization, automation, and system operations. Passionate about building secure, high-impact software solutions.

SELECTED PROJECTS

UNICEF Bill Management System

***Full-Stack Developer* — DAFTech Social ICT Solutions Tech:**
.NET 8, EF Core, SQL Server, Angular 16, TypeScript

- Designed and developed a large-scale billing and customer management system deployed across multiple regions in Ethiopia.
- Built scalable RESTful APIs supporting customer, HR, finance, budget, and technical modules.
- Implemented a flexible billing engine (fixed, percentage-based, consumption-based) with automated penalties.
- Deployed and managed production environments on IIS, including SSL configuration and performance tuning.
  Note: Source code is private due to organizational confidentiality.

Learning Management System (LMS) Platform

***LMS Developer & Administrator* — Dr. Nega Education Center (Remote) Tech:**
Moodle, PHP, JavaScript, MySQL

- Customization of a Moodle-based LMS for academic and professional training.
- Configure courses, roles, permissions, and learning workflows.

- Customized themes, navigation, and UI for improved learner engagement.
- Manage backend operations: database setup, cron jobs, backups, and security hardening.
- Implement automation, analytics, and reporting dashboards.

HiLCoE Research Management System (Capstone Project)

***Backend Developer* — HiLCoE School of Computer Science & Technology Tech:**
Node.js, MongoDB, REST APIs

- Contributed to backend services for researcher management and submission tracking.
- Participated in requirements analysis, system design, and team-based development.

PROFESSIONAL EXPERIENCE

Full-Stack Developer

Systems Edge Solutions — Full-Time
Addis Ababa, **Ethiopia | Feb 2026 – Present**

- Developing microservice-based applications using ASP.NET Core, React and C#.
- Contributing to Social Security pension calculation and management systems.
- Building solutions that support pension processing for private and government institutions in Ethiopia.
- Participating in the design and development of scalable enterprise services and APIs.

Full-Stack Developer

DAFTech Social ICT Solutions — Full-Time
Addis Ababa, Ethiopia | **Aug 2025 – Feb 2026**

- Developed and maintained enterprise applications using .NET 8 and Angular.
- Designed secure APIs with EF Core and SQL Server.
- Implemented authentication, authorization, reporting, and automation features.

LMS Developer

E-Camel Education / EthioEducation — Part-Time (Remote)
United States | **Jul 2025 – Present**

- Architected and maintained Moodle-based LMS platforms.
- Provided customization, troubleshooting, and system support.

EDUCATION

Bachelor of Science in Computer Science
HiLCoE School of Computer Science & Technology
Addis Ababa, Ethiopia | **2021 – 2025**
GPA: 3.52

CERTIFICATIONS

- **AI Career Essentials** — ALX Ethiopia (2024)
- **CCNA: Enterprise Networking, Security & Automation** — Cisco (2023)
- **CCNA: Switching, Routing & Wireless Essentials** — Cisco (2023)
